# Adobe Express for Education

## Bring creativity to your class with the Adobe Express Google Classroom add-on.

Google Workspace for Education

If you've been using Google Classroom since August 2022, you may have noticed a new section called "Add-Ons." Add-ons make it much easier to assign work to students from your favorite third-party apps and manage the entire assignment workflow through Google Classroom.

If your district has installed the Adobe Express add-on, you and your students now have an easy-to-use, high-quality creative design tool at your fingertips. Assign creative projects directly to students through the add-on and see all the amazing ways your students can demonstrate their learning in more powerful, visually appealing ways.

### The Adobe Education Exchange.

Visit the Adobe Education Exchange for more ready-made lesson plans and ideas to bring creative expression and communication into your class via the Google Classroom add-on! *edex.adobe.com*

### What can I do with the Adobe Express add-on in Google Classroom?

All the things already mentioned and more—accessed, assigned to students, and managed more easily from your Google Classroom homebase. Watch your students create amazing, professional-looking graphics, presentations, and videos in Adobe Express and manage it all from Google Classroom via the add-on.

# What can I do with the Adobe Express add-on in Google Classroom? (continued):

## Steps:

1. Access your Adobe Express assets or start a new project from scratch with one click within your Classroom assignment window.

2. Immediately assign templates to your students from your projects, or begin customizing a new asset tailored to the specific class you're teaching.

3. Assign to students easily within the Google Classroom add-on window.

4. Allow students to demonstrate their visual thinking, creativity, and understanding of what you've taught them by customizing the asset you assigned them.

5. Easily view and grade student work, while providing feedback on their creative assets within the assignment window.
