The BlocksCAD Deal Registration Program (“Program”) is available to all BlocksCAD Authorized Resellers (“Resellers”) in North America. The purpose of the Program is to protect and reward Resellers for sourcing and closing new BlocksCAD sales opportunities.

Benefits of Deal Registration
- Establishes a co-selling relationship between the Reseller and BlocksCAD.
- Enhances the profitability of the Reseller.
- Provides a selling advantage to Reseller to win the business.
- Earn a 5% protected discount from resellers cost on orders over $15,000 USD.

All qualified Resellers participating in the Program must understand and adhere to the Program Guidelines. The Program terms and conditions outlined in this document are subject to change or modification or termination by BlocksCAD at any time.

Program Overview
Resellers can leverage their sales teams to register eligible BlocksCAD sales opportunities through the BlocksCAD Registration Program. Eligible BlocksCAD sales opportunities are defined as deals that are:

1. Not currently registered in the BlocksCAD Deal Registration system.
2. Net new to the BlocksCAD sales pipeline.
3. Have an incubation period of at least ten business days.

Resellers that register eligible opportunities in accordance with the Program Guidelines are eligible to receive a 5% discount off Reseller unit cost if the deal is closed within 90 days. At each Reseller’s discretion, the discount may be extended in whole or in part to the end-customer to help close the deal or can be retained as additional margin. BlocksCAD has authorized The Douglas Stewart Company to extend the additional discount to qualifying Resellers (off-invoice) when providing quotes and processing orders for approved registered deals.
