Cintiq 13HD
interactive pen display

INTRODUCING THE CINTIQ 13HD

Experience the power of a high-performance Cintiq in a compact, slim design. The Cintiq 13HD is a 13.3" LCD display that allows you to work directly on the screen. Its high-resolution HD (1920 x 1080) LCD display features a 178° viewing angle and renders 16.7 million colors.

The detachable stand adjusts to three different working angles, and you can also use the Cintiq 13HD flat on your desktop or in your lap. Wacom's powerful new Pro Pen features 2048 levels of pressure sensitivity, tilt recognition, and a more comfortable, ergonomic design that provides precise control and a better feel than ever. The new Pro Pen comes in a compact carrying case that includes storage for the extra nibs and color rings that help you easily personalize and identify your pen. The Cintiq 13HD experience starts right away – the convenient new 3-in-1 cable reduces clutter and makes setup on any Mac or PC a snap.

KEY FEATURES

– High-resolution, 13.3 inch, HD (1920 x 1080) LCD display with a 178° viewing angle and 16.7 million colors
