Your Partner in Breakthrough Creativity

With years of experience developing and innovating creative pen displays for professional art and design, Wacom developed the Wacom Cintiq Pro to inspire and support artists as they strive to do their very best work.

The new Wacom Pro Pen 2 gives you Wacom's most accurate and advanced pen performance with 4x higher pen accuracy and pressure sensitivity*, outstanding pen-tilt response and virtually lag-free tracking. The new displays let you see your artwork in perfect detail with up to 4K resolution and exceptionally high 94% Adobe RGB color performance.

Intuitive multi-touch gestures along with programmable on-screen Radial Menus, and pen side switches speed your creative workflow.

Cintiq Pro is also integrated into your workflow using other Wacom products, software and services. Download the Inkspace™ application to benefit from valuable services such as Wacom Echo to protect your precious creative work from loss by automatically storing a back-up in the Wacom Cloud.

The Cintiq Pro That's Right for You

Both sizes of Cintiq Pro are designed specifically for the needs of creative users. Choose the larger Cintiq Pro 16 for additional space to work and higher resolution and color performance, or the more compact Cintiq Pro 13 that blends performance with easy portability - from computer to computer or place to place.

Experience the joy of creating with the new Wacom Cintiq Pro!
